

Dear Friend,

I am very pleased to announce my affiliation with Tarkenton Financial LLC, a national network of independent insurance and financial services professionals.

Tarkenton Financial was founded by Fran Tarkenton; one of the world's most esteemed athletes and a trusted business leader. The Atlanta based firm focuses on strategies and financial products that guarantee no loss of principal. They support their authorized agents with information, tools and structured solutions geared specifically to the senior marketplace.

My association with Tarkenton Financial translates into real benefits for you as a potential client. Through the Tarkenton umbrella, I have greater access to current strategies for preservation of assets and, equally as important, I have access to tools that support those strategies. Once a plan is in place, we work with leading insurance companies to deliver products that fit those strategies.

New solutions and offerings are continually added to Tarkenton Financial's portfolio. Offerings range from a very readable newsletter to group workshops to individually tailored strategies.

If you have any questions or you'd like to talk with me about the services that may be available to you through Tarkenton Financial, please contact me at 901-377-8528 or 417-334-4829. I'd also like to send you a complimentary copy of our newsletter, Senior Pathways. To learn more about Tarkenton Financial, visit <http://www.tarkentonfinancial.com>.

I look forward to serving you with the best products and services and design solutions the industry has to offer.

Best regards,

Doug Morris
